

MINUTES

Smith Mountain Lake State Park Master Plan Advisory Committee Meeting August 29, 2002

Robert Munson, Planner, Department of Conservation and Recreation called the meeting to order at 1:15 PM. 32 persons, including 12 Advisory Committee members were in attendance.

Mr. Munson explained that due to comments received during the public input meeting for the Master Plan it had been agreed that more information concerning the proposal of the Smith Mountain Lake Ski Club was needed for the Plan Advisory Committee to make an informed decision about the consistency of the proposed Master Plan and the proposal of the Ski Club.

Smith Mountain Lake Ski Club representatives showed a video and gave a presentation about their proposed water skiing slalom course. Representatives from neighboring community associations presented their concerns and recommendations. Following discussion a vote was taken of the Advisory Committee and the finding was that the proposal of the Ski Club was inconsistent with the Draft Smith Mountain Lake State Park Master Plan.

The Advisory Committee then discussed the priorities for development of the elements in the Master Plan and arranged them in that order. Members of the Committee were thanked for their many hours of hard work in developing the Master Plan.

The meeting adjourned at 3:30 PM.
